ARCHITECTURAL HOLOGRAM

Commercial proposal

ABOUT US

Architectural Hologram is a Software-Hardware complex
for visualizing new construction projects in 3D:

◆ All objects in one layout

◆ Automation of modeling using neural networks

◆ 3D visualization in the form of holograms

◆ From 3D visualization to the view from windows

◆ Analytical presentation system

◆ Innovative approach to sales

Founder of the company **Aram Petrosyan**

MISSION

Our mission - to create a digital sales office

YOU CAN FORGET ABOUT:
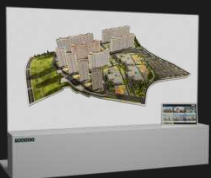

01 brochures

02 purchasing expensive layouts

03 presentations

**04** issues with sales manager training

WHAT DOES THE PRICE CONSIST OF:

THE FUTURE IS NOW

SOFTWARE

Fast Start

- Demo mode
- Catalog of new buildings
- Choosing a new building
- Section selection
- Floor selection
- Floor plan
- Logo Animation
- Request for feedback

700 000 AED

Subscription for 4900 AED per month for 1 machine
-10% discount for 6 months
- 15% discount for 1 year

Developer

- Apartment layouts
- Improvement
- 2D & 3D maps
- Infrastructure filter
- Streets demonstration
- Route demonstration
- Entrance demonstration
- Parking demonstration
- Small architectural forms view

1 600 000 AED

Premium

- Animation of people and cars
- Window view
- Day/Night regime
- AI Digital consultant (English |
- Arabic | Chinese | Russian)
- Voice control
- CRM integration
- Payment calculator

1000 0000 AED

All features + lifetime license for an unlimited number of machines - 90K AED

3D -VISUALIZATION

The cost of production depends on several factors:

01 Size of the object

02 Quantity of objects

03 Presence of a map

04 Animation

05 Presence/change of interior design
